ABOUT SATELLITE ELEGANCE

AT Group Satellite, we believe in building the best possible living experience for our home buyers. Satellite Elegance located in the prime residential area of Goregaon (E) is an important aspect in Group Satellite's nearly 50 year old legacy. We have successfully developed buildings such as Satellite Tower, Satellite Royale and Satellite Gardens all of which are now regarded as landmark locations in their areas.

Satellite Elegance an ongoing project that will mark its presence in the established area of Group Satellite in Goregaon (E), boasts spectacular views of the Mumbai skyline. With a picturesque tower of 1 & 2 BHK and 2 BHK and an elevation as high as 32 floors designed by Sandeep Shikre & Associates (SSA), Satellite Elegance will be a premium residence where luxury and aesthetic meet world class amenities.

MD'S NOTE

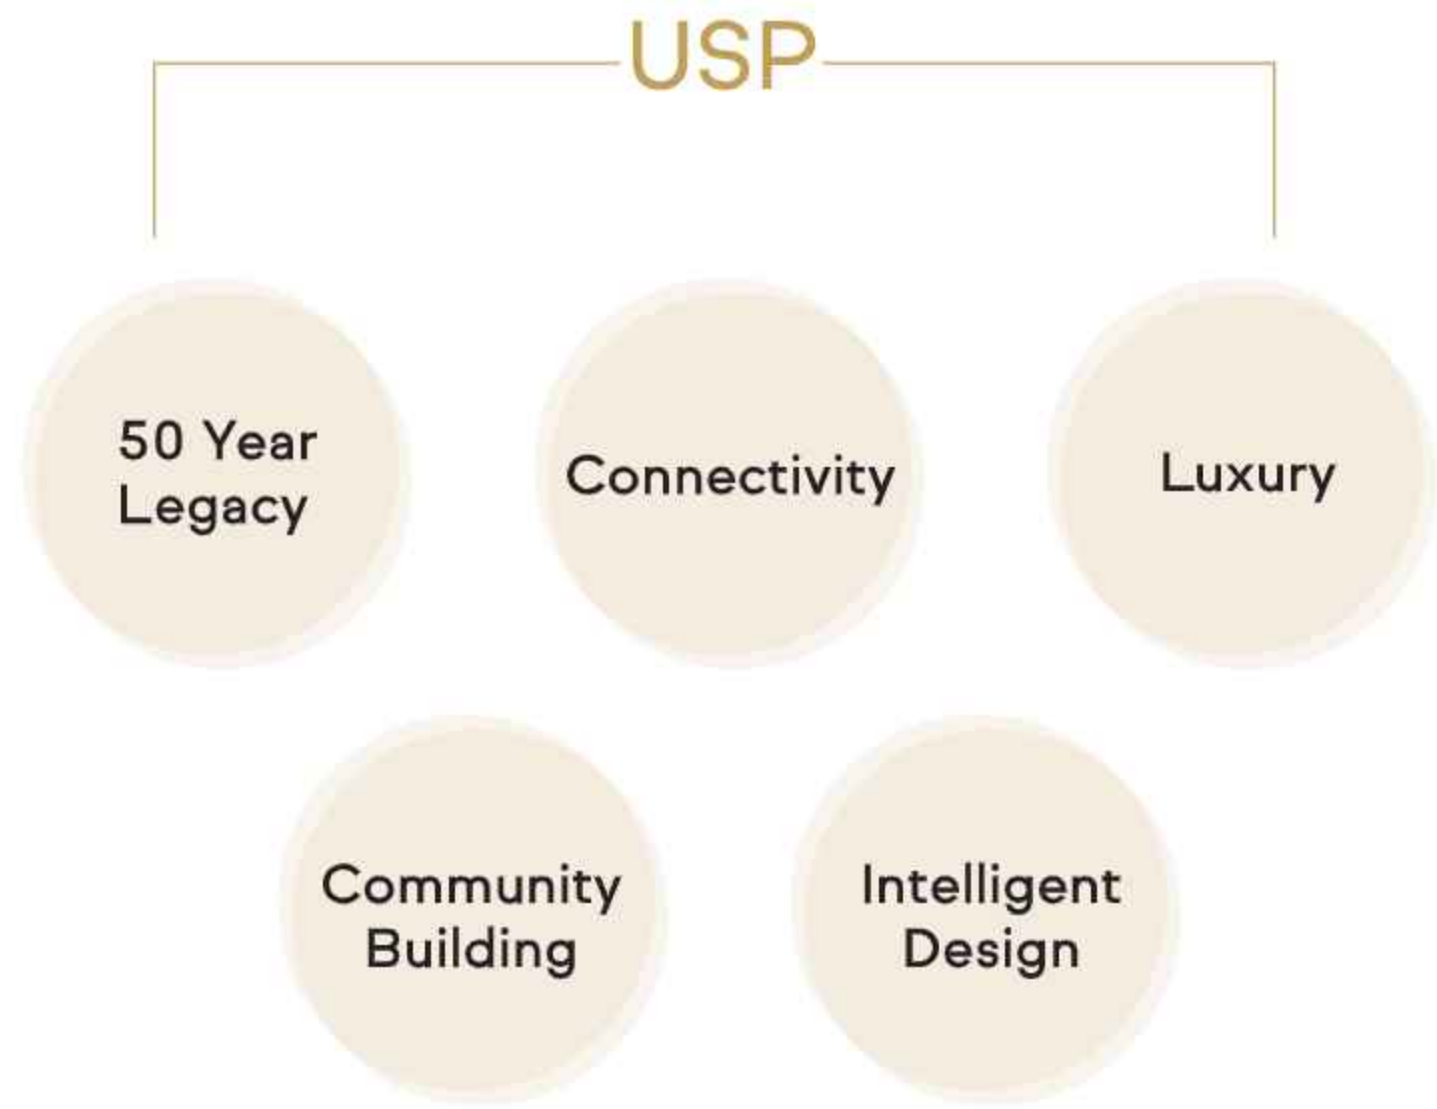

Continuing a Legacy

They say it is hard to build a reputation, takes years of consistency and hard work but very easy to lose one. Since we lost our Chairman over ten years ago in the sudden and tragic Mumbai terrorist attack on 26/11/2008, I have tried to continue to build on the reputation that my father left us – a legacy of high quality and path breaking design and construction, honesty and transparency in all of our client relationships, and fiscal conservatism.

The launch of Satellite Elegance is for me a proud moment because it will be a capstone to the decades-long development of our layout in the Goregaon Film City area. The name implies what the building will stand for an elegant urban development meant for the urbane and sophisticated citizens of this beautiful and energetic suburb. We know our clients here, and we know their families. We've worked hard to ensure that every little detail in the development has been designed to fit your lifestyles, your culture and your values.

We hope that Satellite Elegance will build exactly the kind of strong communities that Satellite Tower and Royale already have, communities built on mutual respect and a sense of togetherness.

BUSTLING GOREGAON (E)

Goregaon (E) is one of the most up coming and prominent residential and commercial hubs that most property buyers are now moving towards. In the last few years the suburb has seen growth in not just residential development but also in commercial development with corporates choosing Goregaon (E) as its new headquarters. With connectivity made easy to the airports, hospital, schools, colleges and recreational activities, Goregaon (E) is seeing a higher rate of return in the invested property by buyers. The proposed Phase - II of the Mumbai Metro is further expected to make commute smoother for the residents travelling to and from the city.

Location map and indication of landmarks are not to scale and not an accurate depiction.
