

ABOUT SOBHA

Over the years, we at Sobha Developers Ltd. have become one of the most preferred real estate developers in Bangalore. Today, we build homes to cater to the discerning homebuyers all across the city. A city that is the true Silicon Valley of India and has been recognised as the "Best Indian city to live in" on all parameters.

Over the past 17 years, our passion for perfection has driven us forward and it gives us great pride to say that we have successfully completed over 80 residential and commercial projects as well as 216 contractual projects, in all delivering more than 52 million square feet of construction marvels. In the fiscal year 2011-12 alone, we registered an astounding sum of INR 1700 crores in new sales from the residential spaces segment. This, in itself, is testimony to the brand equity of Sobha – an INR 15 billion real estate company listed on the BSE & NSE. But we intend to reach even greater heights by achieving our target of INR 20 billion in 2012- 2013.

Since its inception in 1995, Sobha Developers Ltd. has blended a strong customer centric approach with robust engineering, a high degree of business ethics, timeless values and transparency in every sphere of business. All of these contribute to make us one of the most respected real estate brands in India. And an organisation where quality meets excellence, technology meets aesthetics, and passion meets perfection.

We have expanded our footprint to 22 cities and 13 states across the country, including properties in major cities like Bangalore, Gurgaon, Chennai, Pune, Coimbatore, Thrissur and Mysore. Today, we have 38 ongoing residential projects aggregating to 23.50 million square feet of developable area and 16.51 million square feet of super built-up area as well as 42 ongoing contractual projects aggregating to 9.22 million square feet. These ongoing projects are at various stages of construction.

Apart from being one of the top real estate players in the country, we are also the only backward integrated entity in the entire real estate industry. The company is widely and indisputably recognised for redefining the perception of quality & perfection in the construction space. This is endorsed by the many accolades we have consistently earned over the years for building close to 200 landmark premises for some of the biggest corporate houses of India.

Once you buy a Sobha home, its unmatched finesse and detailing will surely make you feel the true joys of owning a home.
